PASTOR'S COLUMN

October is Pastor Appreciation Month. It's a blessing to be remembered as a thankful presence in someone's life. Monona UMC still feels new to me, and I have much to learn. Building deeper relationships takes time, but I'm grateful for meaningful conversations and gradually deepening connections at this church. Someone shared with me that Northern and Southern cultures differ. Northerners tend to respond slower and reserve emotional expressions. I'm still learning and adapting to Northern culture. Though our pace may vary, I believe that when hearts connect, we can grow together in love and mutual respect. I lead two small group Bible studies weekly, listening to their life stories, understanding their perspectives on God, faith, and the world. Sharing God's Word and getting to know new people is a noble and glorious experience to me.

On the first Sunday of October, Monona UMC and El Libertador UMC (a Hispanic congregation using our church building) joined forces to celebrate World Communion Sunday in a joyous and spirit-filled worship service. Our Sanctuary was transformed into a vibrant tapestry of diversity, adorned with multiethnic fabrics and multinational flags. The sounds of Scottish bagpipes filled the air as Amazing Grace was played, followed by powerful performances from our Intergenerational Choir and El Libertador UMC's worship team. Six different breads, symbolizing unity from diverse cultures, were carried to the altar, accompanied by liturgy readings. The sermon, 'Fear of the Other,' reminded us that our shared faith transcends boundaries. We sang 'How Great is Our God' in three languages – English, Spanish, and Korean – proclaiming our oneness in Christ. This service embodied the beauty of diversity and the truth that we are all brothers and sisters in Christ, regardless of our backgrounds. Just as a butterfly's wings can create a ripple effect, our united worship flapped wings of love, acceptance, and compassion, sending a powerful message to the world. Monona UMC and El Libertador UMC declared that, in Christ, we are one – a testament to the transformative power of unity and the boundless love of God.

In October, I took two domestic and one international flight. I officiated a wedding in Alabama, a promise I made two years ago. It felt like visiting my hometown after a long time – joyful and heartwarming. Being invited to bless a young couple's marriage was an honor. As a pastor, the most fulfilling moments are when I can make a positive impact on people's lives. Three days after returning, I attended a conference in Winnipeg, Canada, focused on refugees. This trip reminded me that the Church can transform the world with Christ's love. I was inspired by numerous Non-Government Organizations and faithful Christians working to sponsor, welcome, and support refugees across the US and Canada. Meeting Christians who are committed to these issues with Christ's love ignited a burning passion within me. If the Church fulfills its mission, the world can become a better place. I heard a testimony about a Christian family sponsoring and supporting a Muslim refugee family from Afghanistan settled in Arizona. They provided financial aid, English lessons, school support, medical care, and shared meals. The Muslim woman asked the Christian woman, "Is this the love Jesus taught you?" The Christian replied, "Yes, Jesus taught us to love our neighbors." The Muslim woman said, "I saw Jesus through you." I pray that our church will one day sponsor and support refugees unconditionally. Furthermore, through our ministries and missions, I hope to hear people in our community say, "We see Jesus through your church." October was busy and fulfilling. Now, November arrives with new expectations and prayers. How should we live? How should our church grow? Let us seek God's guidance.

MISSION OF THE MONTH

The Giving Tree

This month our mission gifts will be supporting The Giving Tree. For many years the Giving Tree project has provided gifts and a holiday dinner for needy families in our community. We have been working with our local schools. After discussions with parents, the schools have decided to make a change in the Giving Tree/Winter Wishes program. They will be handing out gift cards throughout the year as they are needed to support families.

The schools are requesting gift cards of \$25 to Walmart Woodman's and Kwik Trip. The gift cards need to be returned by **Sunday, December 10**.

If you prefer donating funds, you may support this Mission by marking your check or online giving with "The Giving Tree". Please contact Kay in the office with any questions.

Thank you for your generous support of this beneficial mission.

STEWARDSHIP

As we approach the end of the year, we reflect on the miracles of faith in our lives. One of the most profound miracles is the joy of giving. When we prioritize generosity, we experience the truth that it is more blessed to give than to receive (Acts 20:35). Our God is a self-giving and self-sacrificing Father, and as we draw closer to Him, our hearts become more generous. Establishing a habit of giving requires discipline, regardless of the amount.

As the body of Christ, we bear one another's burdens (Galatians 6:2). If some cannot give as much as they wish, we help share the load. Some of us have been blessed with financial abundance, while others face uncertainties. In 2025, consider:

- Regular tithers: Increase your giving to 11% or 12.5%, bearing the burden of your brothers and sisters.
- Those financially blessed: Offer a one-time gift alongside your tithe.
- All members: Pray for Monona UMC's future and ministry.

Return your 2025 Estimate of Giving Card (enclosed) to the church as soon as possible. We will dedicate our gifts on **Sunday, November 17**. May God bless our giving and open doors to share His love with others through our church!

The Endangered Birds & Heroic Insects of TPI 🍵🌿 (Tea Promoters India)

The transformative power of sustainable and organic practices

From TPI: “Ladybugs’ multifunctional role as predators, pollinators, and pest controllers underscores the intricate interplay of organisms within our tea farm ecosystem. Despite their friendly appearance, these crimson beetles adorned with distinctive black polka dots are formidable predators, essential for maintaining ecosystem balance.

With voracious appetites for aphids, they devour up to 5,000 of these pestilent insects throughout their lifespan, which can span an impressive 2-3 years in the wild. These ladybugs are the first responders when it comes to biologically controlling the greatest pest for the tea industry, the infamous 'Tea Mosquito' or 'Helopeltis'. They tirelessly hunt down a variety of these insects, making them invaluable allies in pest control and safeguarding our tea bushes.

The ladybug is TPI’s lucky mascot, as the presence of them indicate that our gardens are organic, healthy and thriving!

Our organic tea farms are vibrant with diverse life forms, providing us with resilience against environmental challenges, climate alterations, and disease epidemics—a benefit that significantly outperforms conventional farming methods.

Our steadfast commitment to preservation and sustainable farming techniques, such as fostering various tree species, reviving natural water sources, and restoring damaged ecosystems, has enabled us to foster a prosperous ecosystem within our tea farms. As this biodiversity thrives, it not only strengthens our ability for adaptation and survival but also enhances our bond with the broader network of life.”

Thank you ALL for continuing to support our Equal Exchange Fair Trade Mission!!

GOODMAN COMMUNITY CENTER THANKSGIVING BASKETS

For the past 36 years, our Thanksgiving Basket Drive has been a tradition, with many long-serving staff, volunteers and their children returning year after year. It takes a village, that's for certain.

Goodman Center plans to register 4,000 families for a Thanksgiving Basket filled with all the groceries needed for a traditional holiday meal! In a good year, many families can't afford these groceries for a holiday meal, and this year, with everything costing more than ever, more and more families are turning outward for help.

You can help with this mission:

- Donate online at goodmancenter.org
- Volunteers are needed as well. Check out the website for more information.
- Share this information on your social media.
- Donate food directly to Goodman Center. Check out their shopping list on their website at goodmancenter.org/thanksgiving

Providing a holiday meal can provide a small comfort to struggling families during this difficult time.

**...FOR THE LOVE OF GOD'S CREATION...
and
THANKS TO ALL OF YOU, WE NOW HAVE A RAIN GARDEN**

A year ago, when it rained, we had gallons and gallons of water pounding our church roof, draining down our grass lawn, out onto the parking lot, down Midmoor and Owen Roads, across Winnequah Road, across Frost Woods Beech and into Lake Monona. With it came dust, dirt and debris, picked up on the way, pollution that has no business contaminating the beautiful lake. Our rain garden is now helping reduce this negative impact. Water caught in the garden is now dissolving nutrients to be taken up by the plants' roots. Pollutants are being broken down as the water slowly seeps down through the soil to replenish the ground water we depend on.

Thank you for enabling us to launch this worthwhile project. Most of the plants we were able to purchase have established themselves well. Stay tuned for more about our developing rain garden.
